Thank you all for your messages and for the consideration that you have shown to the staff during these difficult times. And a huge 'well done' to you all for the efforts you have made with the remote home learning! Please just do what you can and remember to take time-out as a family when you need to. The teachers are always pleased to receive completed work from the children but do realize just how tricky it can be to keep the children engaged and on-task. If possible, do make time for a screen-break and some physical exercise in your daily routine somewhere.

If you are finding it difficult to access the on-line learning materials, please do get in touch with your child's class-teacher; we had our own internet/wi-fi issues this last week, as you know!
